## It's that time of year again...

### A Note from the Post Office about Christmas Posting 2016

Unless you are a Newsagent or card stockist, Christmas seems a long way into the future, you've only just got the kids back at school and are settling into a nice familiar routine... but... planning ahead, you should know that, as always, the last posting dates for sending Surface Mail (now called International Economy) are unseasonably early; in fact for the furthest destinations they were at the end of September!

For parcels sent by Airmail there is no rush, you have until the beginning of December for even the furthest destinations. However, if you are planning on sending parcels via the slower, cheaper option of International Economy the recommended last posting dates are:

- Wednesday 28 September– All non-European destinations except those mentioned below
- Thursday 29 September – Middle East and Far East (except Hong Kong & Singapore)
- Thursday 13 October – South Africa, Hong Kong, Singapore, the USA & Canada
- Thursday 3 November – Eastern Europe, Greece, Cyprus, Turkey, Malta & Iceland
- Thursday 17 November – Western Europe

Remember that parcels sent outside the EU need to have a customs form attached, these are available at the Post Office Counter. Also remember to put your name and address on the top left hand corner of the front of your package; this will enable Royal Mail to return your item should overseas customs authorities refuse it entry into their country.

The usual reminder about size and weight for parcels sent abroad using Royal Mail: The maximum total of (length + width + height) is 90 cm (approx 3ft) with the maximum single dimension of 60cm (approx 2 ft). Also, the maximum weight is 2 kg.

It is really easy to exceed these and then the parcel would cost a great deal more to send via Parcel Force.

It is sometimes cheaper to split a heavy parcel and send two packets.

## Dangerous Goods

To comply with national and international regulations governing the carriage of mail, and ensure that mail in transport does not present a danger to the general public, Royal Mail must restrict or prohibit certain items from their network.

So this year we will once again have to ask you what are the contents of your parcels; not just because we are being nosy or looking for gift ideas ourselves, but because there are restrictions on items containing, for example, batteries, nail varnish, perfume, aerosols etc.

Lithium batteries (the type commonly found in mobile phones and laptops), cannot be sent alone, and for international mail they must be packaged in the equipment. Beware, some countries do not permit the import of lithium batteries at all.

As always, come & ask us at the Post Office Counter for further advice.

## The Cottage, Burton

An application submitted to SLDC Planning Dept on the 6 September (planning ref. SL/2016/0866) is causing great consternation within the village. It is for the property known as The Cottage, on Main Street, and stands immediately to the north of Ryecroft and the Memorial Hall, and almost opposite Morewood School and which they do not currently own but, according to the application are in the process of purchasing. The application is described as a "*Certificate of Lawful Development for Proposed Use of property as a dwelling for 4 young persons in receipt of care as required with no more than 2 carers resident overnight*". The applicant is the Witherslack Group which is based at Lupton Tower and which, according to its website, "*is a Special Education provider offering high quality special schools and care programmes for children and young people aged from 4 to 19.*"

The Cottage, which is listed for sale at £575,000, is a four bedroom detached house standing in extensive grounds, which are described by the agent as "This is the icing on the cake. Superb, imposing grounds surround this property, good size gardens, feature archway between lawns, orchard and further land. Extensive driveway, double width in some areas, detached garage."

The application is described as a "Certificate of Lawful Development for Proposed Use of property as a dwelling for 4 young persons in receipt of care as required with no more than 2 carers resident overnight". The applicant is the Witherslack Group which is based at Lupton Tower and which, according to its website, "is a Special Education

provider offering high quality special schools and care programmes for children and young people aged from 4 to 19." At the September parish council meeting in the Public Forum residents raised concerns about the conversion of a private dwelling in the centre of the village into what appears to be a small children's home, but as the plans had not been received by the parish council the matter could not be discussed by councillors. One member of the public attending on another matter indicated that as the application was for a Certificate of Lawful Development then it could not realistically be challenged, and the impression given was that, despite it being listed as a planning application, there would be no consultation with neighbours or the parish council as happens with standard planning applications. The September draft minutes of the parish council meeting state, "Clerk to request further information from SLDC - The Witherslack Group have applied for a Lawful Development Certificate which cannot be objected." The parish clerk has also indicated that the matter will be included on the agenda for the next parish council meeting on Thursday 20 October.

As a followup to the meeting a resident visited the SLDC planning dept in Kendal and spoke with Belinda Fettis, the planning officer dealing with the case, her notes from that meeting are as follows:

*I have spoken to Belinda Fettis today - she has been on holiday. She tells me that she has not had time to look into this yet.*

*The date showing against letters sent out relates not to that happening but to someone registering something against that ref no. on that date.*

*She confirmed that this was separate from a planning application and was a way of finding out whether a planning application is required.*

*She says that the application needs a response before Nov 11<sup>th</sup> and that when a letter goes out that will be shown on the planning number above.*

*She says that the certificate would relate specifically to this request and, even if granted, would not cover any future changes either in numbers or in use.*

*Any future changes in number or use would be subject to the usual planning rules.*

*If they wished to extend or build then this would require the usual planning permission.*

Neighbours have expressed several concerns re this application:

1. That there seems to be no normal consultative procedure for such certificates - none of the neighbours have been notified (despite what it says on the SLDC website about notifications being sent out on 16 Sept) of what is clearly a change of use from a private dwelling (planning category C3(a) use by a single person or a family) to a shared household with carers (class C3(b) up to six people living together as a single household (who do not need to be related to each other) and receiving care e.g. supported housing schemes such as those for people with learning disabilities or mental health problems.) In this application there would be four permanently resident children and two carers present on a 12 hour shift system drawn from a pool of nine care staff. The *Town and Country Planning*

(Use Classes) Order 1987 apparently allows for the change of use from class C3(a) to C3(b) without the need for normal consultative planning consent being required, even though there is a change from private dwelling to business use!

2. That the land surrounding the present house is capable of accommodating larger buildings for an increased number of children, so they view this as being a toe in the door method of gaining change of use at a later date.

3. That there could be an increase in anti-social behaviour by children.

4. That the value of their own properties adjacent to, or nearby, The Cottage would be adversely affected.

5. That Witherslack Group have already advertised in the *Westmorland Gazette* for care staff for a facility at Burton in Kendal.

Clearly there are lots of questions to be answered, and it might be sensible for the village or the parish council to call a public meeting to discuss the matter, especially if, as is feared, the parish council is not to be formally consulted about the application.

A.N.

The advertisement for Lawrence Taxi & Private Hire features a logo with a mountain range and a river. The text includes: 'Lawrence Taxi & Private Hire', the phone number '07720205099', and the instruction 'Find us on Facebook Lawrence Taxi & Private Hire'. A photograph of a blue taxi is shown in the bottom right corner. The ad also lists several service features: '\*Local and Long Distance', '\*Pre-bookings taken', '\*7 Days a week', '\*Friendly, Reliable Service', and '\*All areas covered'.

## PC Observations...

Reporting from the  
Parish Council meeting

### Public Forum

Members of the public outnumbered councillors two to one at the PC meeting on 15 September. They were very concerned about two issues:

1. The application for a change of use at The Cottage, a four bedroomed house opposite the school, which has been for sale for over a year. The end use of the house is to be a children's home, which residents protested was very unsuitable in terms of type of use and its location. Feelings were running high but councillors had not formally received any plans so this was put on the Agenda for the October meeting.

2. All-day parking up and down Morewood Drive, on the Memorial Hall Car Park and on the A6070 because of the growth of the school. Although the next expansion (a two-storey extension) has included room for 5 more car spaces within the school boundary, parishioners called this wholly unsatisfactory and called on the PC to press South Lakeland District Council Planning to make planning approval conditional on realistic extra provision (several times 5) even if it

means taking up planted areas within the school grounds. Councillors were very sympathetic but it has to be recognised that this issue has been going on for years now so although the PC might write to SLDC, there was no guarantee that this condition would be approved. Mike Taylor reiterated his view that the school should act itself as a responsible body within the village to make more car parking spaces available whatever it took. Parishioners also called for better communication from the school about what they intended to do to alleviate the parking pressure.

There is no doubt that Burton is going to see major changes in the coming years. Plans to increase housing at both ends of the village and at the Royal Hotel site will increase the population by a third. Incorporation of mixed use (housing and industry) within the Green Dragon plans; expansion of the quarry without any legal agreement to restrict heavy goods vehicles through the village, the increasing pressure on parking, road safety and village services, a children's home in the centre of the village – all these developments are imminent and will change Burton's character and personality. If you feel concerned about your village, come to the next PC meeting on Thursday 20 October at

7.30pm where you can make your feelings known at the Open Forum Session.

**Anti-social behaviour**

After resident concern about anti-social behaviour by known teenage boys, PC Mandy Coleman brought one of them to the PC meeting and he made a verbal apology for his behaviour. Councillors accepted the apology and let's hope he never does anything like this again. Another boy sent in a letter which Councillor Wren read out to the meeting. Again the hope is that this means a change of behaviour.

**SID is coming**

Councillors agreed to spend £3,560 on a speed indication device in an attempt to lower speeding vehicles approaching the village to the north and south. The device is similar to the one already in use at Endmoor.

**Other discussions / actions or inactions**

1. A new aluminium framed Notice Board was agreed for the Memorial Hall, cost £512

2. Protection of the Church Bank pedestrian access within the planned housing development seems to 'have been forgotten' and with the planning application coming before SLDC Planning at the end of September, planners need to be reminded.

3. The feasibility study for a path between Clawthorpe and Burton continues to be ignored by district and county councillors. The study cost £7,000 (not PC money) and seems a huge waste of money.

4. Cllrs reported no communication from Highways at county council about the need for urgent action to protect vulnerable houses from flooding this winter. Drains remain blocked and no action is forthcoming!

5. Fire hydrants are unusable around the village. United Utilities have been informed by Parish Clerk Christine Davidson but so far there is no action.

6. Councillor Isherwood asked for a Facebook page to be opened to go alongside notice boards, the web site and the email access afforded to residents to communicate village matters. Christine Davidson will investigate, especially the need to moderate content to avoid any legal implications.

7. Next meeting Thursday 20 October, Memorial Hall, 7.30pm.

## POLICE NEWS

24/8 – A suspicious vehicle was reported on Dalton Lane, officers attended and were unable to locate the vehicle.

14/9 – A Carrera banshee mountain bike was reported found but reunited with its owner.

School Parking is still an issue. Please park responsibly and do not block residents' driveways.

The darker nights are on their way, can we please remind all parents to make sure your children have lights on their bikes and that they keep to either the pavement for the smaller children or the older ones, you do not ride up and down the middle of the road, complaints have been received regarding this.

PCSO 5244 Mandy Coleman

## The Little Cumbrian Tea Room

Many, many thanks to all the people who came to the tearoom and helped to raise a stunning £500 for the Rosemere Cancer Foundation. We served 62 people on a rainy day, cheered by the wonderful pianists: Stuart Wickes and Andy Whitfield. The winning raffle ticket number was number 83 and the hamper was won by Mr and Mrs Bowker of Mowbray Drive. I want to thank Kelly Witham, who generously provided the magnificent hamper of goods. The raffle alone raised £100. We are now officially - in the words of one of the young waiters in the tea room - "a thing". In modern parlance this means we have "arrived" and you may cheerfully expect to see us all again next year. We'll look forward to it.

With thanks  
Marion Plowright

## Playgroup & Toddlers

Children's Christmas Fair on Thursday 8 December. From 1-3pm it will be a Christmas playgroup, all 0-4yr olds welcome (usual prices) and from 3-5pm it's open to all. We have booked Santa so will have a Santa's Grotto as well. More details in next issue of BN!

# Vicar's Letter...

## Going round in circles?

Because most of us have cupboards full of food and easy all-year-round access to shops, we don't have the same sense of relief and gratitude to God that our forefathers felt when the harvest was safely gathered in with enough to last until next year.

Our annual harvest thanksgiving services teach us not to take daily bread for granted; we are to keep thanking God for all that he generously gives us. Produce is brought to decorate the church (as a visual reminder of God's good provision) and to be given away afterwards so that we can share with others from the abundance that God has given us.

But as well as reminding us to be thankful, harvest also asks "what's the point of it all?"

One ancient book\* traditionally read by the Jews at harvest time raises this question:

*"What does man gain from all his labour at which he toils under the sun? Generations come and generations go, but the earth remains for ever. The sun rises and the sun sets, and hurries back to where it rises. The wind blows to the south and turns to the north; round and round it goes, ever returning on its course. All streams flow into the sea, yet the sea is never full. To the place the streams come from, there they return again."*

After a year's hard labour the barns are once more full; and now it's time to start all over again for next year. But why are we working so hard just to stand still? Are we going round in circles?

The writer wants to burst our bubble and prick our pride. In a thousand years from now why will it matter how you have lived or what work you did? You instinctively feel it must matter but how do you explain that?

You assume your life has meaning and that your work is important. But when you look at cupboards full of food, savings accounts full of money, the mown lawn and the clean car, the children growing up to step into your shoes, what is it all for?

Could you explain what it all means? Really?

Sincerely,  
Graham Burrows

## Burton Children's Sports Committee

### Annual General Meeting

The Burton Children's Sports Committee AGM will be held on Thursday 6 October at 8.15pm in the Reception Room at the Memorial Hall.

We look forward to seeing both old and new faces to help with the continued success of events like the Bonfire, Xmas Parties and Sports Day.

The Sports Committee is made up of volunteers and, like all other, we need both old and new members for these events to continue as successfully as they have done.

### Xmas Bingo & Children's Christmas Parties

First date to make a note of is the Sports Committee Christmas Bingo which is being held in Burton Memorial Hall on Thursday 1 December. The doors will be open from 6.30pm then eyes down at 7.30pm. We have some great prizes up for grabs such as Asda vouchers and bottles of spirits in both the bingo and the raffle, and there will be a choice of fresh sandwiches, cakes and beverages for sale on the night. We ask that you come along and

support us as it is the success of the Onion Show, Bonfire and Xmas Bingo that helps keep our other events over the year going such as the children's Xmas Parties, Big Kids' Day Out and Sports Day.

We have the children's Xmas Parties on Sunday 4 December. The younger ones' party, where we invite all the children aged from newborn to year 2, will be held from 2-4pm in the main hall, with party games, music, food and a visit from Father Christmas. We ask that the adults stay with the children for the party.

We then have the disco in the evening from 5.30 - 7.30pm for those in yr 3 - yr 6; for this the children maybe dropped off and signed in. We provide food, fun and games, disco and small gift for the children and they leave having had a great time. This is one of the events we look forward to putting on as many of the children benefit from it, so please come along and join us.

### Thank You!

The Sports Committee would like to thank Mossdale Services and Nisa for the very kind donation of £250 from Nisa's Making A Difference Locally Award, pictured is committee member Neil Shaw along with other recipients collecting the cheque.

## Annual Gift Subscriptions

We would also like to thank Ann and Neil France from the King's Arms Burton for the very kind donation of £500 from the Heinz's Heartwarming Heroes Competition that they recently won.

Both donations are warmly accepted and will be put to good use entertaining the children of Burton.

If you know of anyone who may like to receive BN regularly each month, why not buy them an Annual Gift Subscription? For £12 within the UK they will receive a copy of BN each month (11 copies per year). A great way for family, friends and former residents to keep in touch with what's happening here in Burton. Anyone interested should contact BN at the address in the box on page 2.

:: Rachel Graham  
Meal for 2 at the Kings Arms @ Hale  
:: Bryn Jones Roger Shaw

## Onion Show Class List

### Open Classes

1. 3 dressed Onions
2. 3 Leeks
3. 3 Onion sets
4. 2 Cabbages
5. 3 Gourd
6. 3 Beetroot
7. 3 Carrots
8. 3 Individual Salad Vegetables
9. 3 Individual Mixed Vegetables
10. 5 Individual Mixed Vegetables
11. Heaviest Onion
12. Heaviest Vegetable
13. 5 Dessert Apples
14. 5 Cooking Apples
15. Pot Plant
16. Vase of Flowers
17. Vase of Dahlias
18. 3 Chrysanthemums
19. 40th Birthday Cake (replaces the chocolate cake for this year only)
20. Fruit Pie
21. Loaf of Bread
22. Novelty cake
23. 4 Cup cakes
24. Tray Bake
25. 3 Poultry Eggs
26. Novice Class (any veg)
27. Homemade Jam
28. Homemade Chutney
29. Your "best" worst growing/baking disaster. (anything is considered in this class from misshapen/wonky veg to burnt cakes or soggy pies)

### Children's classes Up to yr 2 & yrs 3-6

30. Plasticine Animal
31. Fruit and Veg Animal
32. 40th Birthday Card  
(any person or event can be used)
33. 3 Decorated Biscuits

## BURTON W.I.

At their September meeting the members of Burton WI enjoyed a very interesting and enlightening talk by Alison Tordoff on her interior design and make-over business.

She illustrated her talk with photographs of hotels, bars and restaurants, some in the Bowness area, she had re-designed and these looked very attractive.

The competition for a small vase was won by Paula Firth with Liz Falkingham second. Paula also won the raffle. Ann Rigby won the 'fund raising raffle' which she re-donated.

Burton WI were very busy in the WI Tent at the Westmorland County Show this year. They put two entries in the Co-operative Class. One interpreting a nursery rhyme came third – the other interpreting a children's book was smothered in gold stars.

In addition, numerous individual gold, silver and red stars were awarded for paintings, cakes and preserves. We all felt we deserved a pat on the back.

At the next meeting on the 13 October Fenella Macmillan-Clare will be talking

on Handmade Designer Jewellery and the competition will be for An Antique Brooch.

Helena Nixon

### KEEP US POSTED!

If you are planning an event in Burton let us know and we'll add a free entry to the list which we publish in every issue. This gives your event more publicity and flags up potential clashes of dates. Let BN help you make the most of your event!

## Table Tennis

Each Thursday the Table Tennis Club hold two sessions.

Session 1 is for youngsters at 5.15pm till 6pm, this will be coaching. Bats and balls supplied. £1 per week

Session 2 is for anyone who wants to give Table Tennis a go, no matter what standard. 6pm till 7pm. Bats and balls supplied. £2 per week.

Any enquiries to Martin on 07740 933463.

[www.freedomdrivingschool.biz](http://www.freedomdrivingschool.biz)

It's now that time of year for me to be on sentry duty just on the high ground of Vicarage Lane, getting up early (Oh 'eck!!) and doing my daily counts of birds passing through our village whilst on visible migration to their destinations further south.

This morning (21 Sept) in just three hours I had over 300 Chaffinch passing over our village heading south east, presuming they probably travel over to next stop Capernwray and then maybe onward to Arkholme and on and on and on. This will have only been a token of what really goes through at this time of year, because they come through on a very broad front and besides the corridor I watch there is also another corridor down near St James Close where birds can be seen actually going in a line south almost following the motorway on their journey south. In fact I have tried to summarize this time of year from many hours counting over several years and I would estimate it possible that we actually get as many as up to 2,000 Chaffinch a day which

would mean up to 100,000 during the time of Autumn migration would have passed over our village, and that's only Chaffinch. We also have large numbers of other regular species like Meadow Pipits, Linnets, Goldfinches, Swallows and Martins and Pied Wagtails and Reed Buntings. Just at the present it is very likely that most of the birds coming our way could well have come from over the Whitbarrow or Lyth Valley areas and areas further north, but before long you also get continental birds as well which will before reaching us have travelled from as far as maybe the Baltics or European areas to be with us and these too will travel the skies of Burton whilst making their onward journey south.

So far I have had my worst year yet for migrating Swallows with far less numbers being seen than in previous years. I would in most years get large bands going through taking a corridor along the line of the trees above Lancelot and above Russell Farm in Dalton hamlet, but very few have gone through this way this year.

Quite a few skeins of Pink Footed Geese have been recorded coming through our skies. I had my first skein of 21 birds on 10 September which is very early, usually I have my first from around the 16 September. It will not be

long now before we are getting our winter thrushes Fieldfare, Redwing, additional continental Song Thrushes and Blackbirds expect them from early to mid October and usually peaking around the third week of October. We will also soon get additional continental Starlings (usually peaking October 25). Many of the Starlings have travelled from the Baltics or Northern Europe and make their winter home with us and roosting each night at our local RSPB reserve at Leighton Moss.

Did you know that lots and lots of Red Admiral Butterflies will have flown over the village on recent sunny days, In fact I had ten coming through above the maize during one of my bird counting spells on 13 September all going through in a direct line to the south. I have had this going on quite late in the year, in fact during the 1980s on one sunny morning on the 2 November I had several coming through whilst watching passing Fieldfare and Redwing. I never at that time realised they were also making a long migration back into Central Europe. I know migration is difficult for small birds, but never realised that such a fragile little butterflies also migrated.

Most of the flora has finished and I guess I might just get some time searching out the rare ferns on Hutton Roof but this will have to wait until the

# A GOOD PASSERINE

Looks as though the corridor exits to the East Side of Henridding and probably on to Dock St.

Good Chaffinch line with 200 to 300 birds recorded in the first two hours during peak Autumnal Migration.

The watchpoint by the "Ash tree" marked with the red spot is probably the best spot because here the birds can rest up midway when there is strong winds etc.

During the peak migration of October and early November think that up to 2000+ per day pass through Pickles Wood. Could well be more, and

Chaffinch: 2000 per day  
 Going through : 60,000 per day  
 Burton, In Kental. : 100,000 during

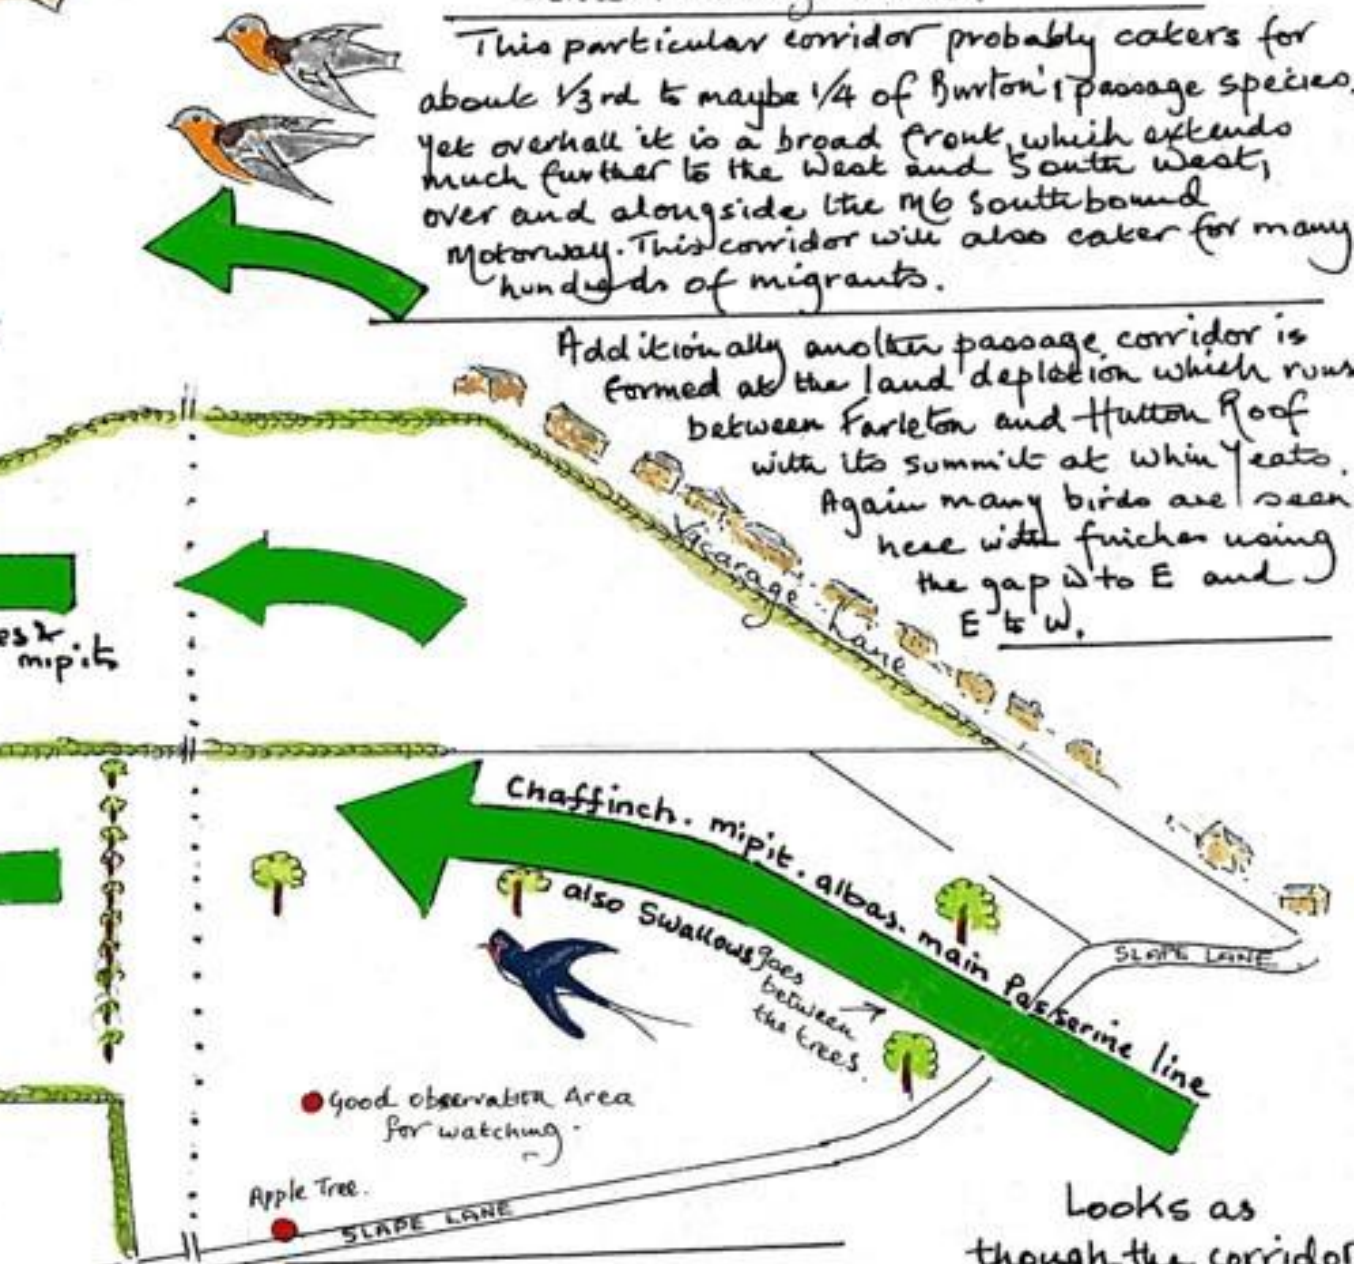

# & HIRUNDINE MIGRATION EXIT CORRIDOR

## Through BURTON-IN-KENDAL.

Dalton hamlet and Pickles Wood and the fields below Vicarage Lane.

This particular corridor probably caters for about 1/3rd to maybe 1/4 of Burton's passage species, yet overall it is a broad front, which extends much further to the West and South West, over and alongside the M6 Southbound Motorway. This corridor will also cater for many hundreds of migrants.

Additionally another passage corridor is formed at the land depletion which runs between Farleton and Hutton Roof with its summit at Whin Yeats. Again many birds are seen here with finches using the gap to E and E to W.

Some years, some or most of the fields will yield maize which grows up to about 12ft. The

Chaffinch (up to 200 per night) will roost in the maize, and lift off at sporadic intervals during the first hour or two of daylight before continuing their journey South East or West.

Looks as though the corridor comes from Lyth Valley & Whitbarrow Levels

lays eg:

## Historical Footnote...

... by Roger Bingham

### Burton around '1066 - and All That'

When, 950 years ago, on the 14 October 1066, William Duke of Normandy became William the Conqueror by beating the English at the Battle of Hastings he didn't conquer Cumbria because most of our county was in Scotland. Burton was on the edge of things being dangerously wedged between the two kingdoms as a sort of 'no man's land'. Moreover, the area was continually being squabbled over by the native Cwmry and Anglo-Saxon people and the descendants of Norsemen who had settled here only a century earlier.

Thus, the place names of Clawthorpe and Holme are of Scandinavian origin while Burton and Dalton stem from Anglo-Saxon words. From the 'ton' part of Burton (spelt in 1066 as 'Burtun') we get the name town while the 'bur' might refer to a fortification necessary in a frontier area. According to the Conqueror's Domesday Book of 1085 Burton's neighbouring areas were still in the hands of Scandinavians as Kirkby Lonsdale -'Kirkecabi Lauenesdale'- was ruled by a Viking Torfin while Kendal -'Kirkecabi in Kentdale' - had a Celtic chief called Gilmichel.

Burton's overlord in 1066 was Tostig Godwinson. He was the brother of King Harold (who got it in the eye at Hastings) who himself was killed by Harold's forces when he and his Viking allies were slaughtered at the Battle of Stamford Bridge a fortnight before the Battle of Hastings.

Domesday Book listed Burton under Yorkshire but the parish was not assessed for taxation. It was only in 1092 when the Conqueror's son William Rufus incorporated Lakeland into his domain that Cumbria became part of England. It was as a reward, for the campaign's obligatory rapine and slaughter, that Rufus granted to his henchman, Ivo de Taillebois, all of Kentdale which is why, 900 years later, the parish - though ten miles from Kendal is officially Burton in Kendal.

# THANK YOU!

We would like to thank everybody for sponsoring Pete and Callum for doing the Great North Run, raising money for Whizz Kidz. This charity transforms the lives of disabled children by providing the vital equipment, support and life skills they need to reach their full potential. Without these we would of been looking at spending £5,000 on a recliner electric chair to make Callum's life easier when visiting the dentist etc. Whizz Kidz provide all this kind of equipment to support these children as well as other services they offer.

Thanks to Gill and Akis and John Usworth for not only sponsoring them but for allowing us to put sponsor forms in your shop. If we could thank you all individually we would as your support means so much. They completed the run in 03.24.54. Last count they had raised nearly £450. A very big well done to them both. A massive thanks again to you all.

Sally, Steve, Callum, Liam, Tyler and Pete xx

## Mike Halhead 1942-2016

A former teacher at Burton Morewood School, Mike Halhead, has passed away after a long illness.

A Kendal Grammar School student, Mr Halhead left the school at the age of 14 to support his family as a joiner at W H Ainsworth, Kendal, but an injury stopped him from practising the profession, leading to a career in teaching.

Gaining his teaching certificate as a mature student at Charlotte Mason College in Ambleside, Mr Halhead taught at Burton Morewood School and later at Heron Hill Primary School in Kendal. He will be remembered by older residents of the village, who will no doubt recall his enthusiasm for both teaching and football.

Mr Halhead was a qualified FA Coach who received his FA Preliminary Badge, one of the very first FA coaching qualifications, when such qualifications were not common.

During a career across four decades Mr Halhead coached at several teams including Arnside, Burton Thistle FC, Netherfield AFC and Westmorland youth teams.

Mr Halhead also started the Westmorland and South Lakes Football Development Scheme, giving up his spare time to provide football to young people at schools, after school clubs and holiday clubs.

Stephen Hoare, who first got to know Mr Halhead as his coach and later as a colleague with the scheme, said: "Mike was an extraordinary man. He really represented the values of what a teacher should aspire to be."

Mr Halhead was involved with the scheme for several decades until he had to step aside for health reasons but his eyes 'always lit up' when he met Mr Hoare in town and they started talking about what the children had been up to.

Mr Hoare said: "What I learnt from Mike was that if you put the effort in and believe in yourself, you can achieve anything."

Mr Halhead had two sons, Paul and Richard, and four grandchildren, Matthew, Nathan, Olivia and Sophia.

Our condolences go to Mike's family and friends.

## CRAFTMARKET 2016 Oh Twiddlemuffs!

No, it's not a new swear word, but it sounds like it could be! A twiddlemuff is a double thickness hand muff with bits and bobs attached inside and out. It is designed to provide a stimulation activity for restless hands for patients suffering from dementia.

Various folks in the village have been chatting about making twiddlemuffs, and it occurred to us that as crafters we could support this, either by making and donating a twiddlemuff or by donating oddments of yarn or embellishments that could be used by volunteers to make twiddlemuffs.

So, the plan is to have a table in the entrance foyer at CraftMarket, with some simple information about how twiddlemuffs help patients, along with a couple of baskets for donations of yarn and attachments (e.g. buttons, toggles, ribbons, etc), some easy to follow free patterns, and a few examples of twiddlemuffs for you to see and handle.

We will also be accepting completed twiddlemuffs that will then be donated to supporting organisations. If anyone wants to know more, please give Anne a call on 781306 or pop along to the Monday Craft Group at the Memorial

## *Roger Reports...* from the District & County Councils

Despite the August break council matters were busy enough especially in our immediate locality where, at long last a few of the long impending highways repairs delayed by last winter's floods have been rectified. Unfortunately only days after anti-flood work had been completed at Dalton and on the A6070 we had two inundations on the 22 and 26 August. On both days the roads seemed to me to be flooded more quickly than in December though they went down generally within 24 hours. On both days I was out and about reporting the usual offending areas like the south end of Main Street, Tan Pits lane and the A6070 by the Quarry and at Clawthorpe, which prevented some vehicles getting through though I successfully risked it. Yet again blocked gullies seemed to be the problem, although I was assured that they had recently been drained. Higher up Clawthorpe Lane, even several hours after the rain ceased, the force of water seemed powerful enough to have turned a turbine, and I have asked that senior engineers investigate the problem.

But I have a big grouse which I raised at full council, that on the flood days I

could not get through to the Highways department either in Kendal or the main HQ in Carlisle. Worst of all the e-mail reply from a senior officer said that he would be away until the 30 August and in the meantime messages to him would not be monitored! So I had to report problems to Highways hot line - (0300 303 2992) and to the police. This is not good enough I'm afraid.

I have also been involved in some contentious planning matters, including a site on Vicarage Lane - where I had to wait for a reply until all three (!) planning officials had come back from holiday. Although the application has been passed, concerns about the Church Bank Gardens development continue, although I contend that work cannot start until the approach from the A6070 has been widened, more speed warnings are installed and the issue of the path alongside the former National School has been resolved.

At the September county council the always awkward issue of councillors allowances came up again. My political group abstained though a 1% increase in line with a rise for staff went through. Currently Cumbria councillors have the second lowest pay scale in the country, although as the most rural and sparse county we have the longest journeys compared to a city authority, where it might only take minutes to go to

meeting or to see an officer. Here a round trip to Carlisle for an average two-three hour meeting takes six hours and for colleagues from further away even longer.

I have had no feed back yet about renewed Whitehall suggestions to amalgamate district and county councils as unitary authorities, with all councillors getting a basic £37,000 pa - (£29,000 pounds more than now!) - irrespective of what positions they hold. But then pigs might fly.

All the best and please keep me informed so that I can continue my pestering!

## BURTON RECREATION TRUST

The Recreation Trust Committee have a few thank you's to make following the 10k and Fun run: to thank Aggregate Industries for their sponsorship donation of £500, also Akis and Gill for the use of their electric and the prizes for the fun runners, and everybody who donated a raffle prize. The Kendal mint cake was a welcome treat for all the runners, courtesy of John Barron at Kendal.

A big thank you goes to all the volunteers who helped on the day, it could not happen without you as safety is the top priority, e.g. marshalls, First Responders, race leaders and followers, registration and race timers, both the water stops, our councillors for turning up at sort notice to give out prizes, the Burton News for helping to get the word out, and the committee who do all this for nothing to raise money for the multi use games area.

Of course a special thank you goes to the runners themselves, all that hard work and training went towards making it one of our best runs yet, we hope to see you again next year!

THANK YOU

## Holme Cricket Club

The season is now complete. Having led Division 3 all year the first team finally clinched the title and promotion back to Division 2 with a match to spare, when the game against closest rivals Netherfield was washed out. Congratulations to all of those that have contributed to this success both on and off the field.

The second team seemed to spend more days not playing than they did playing towards the end of the season, but finished a creditable 6th out of 10 (or 8 once two sides had dropped out). In the absence of the captain and the vice-captain, Sam Greenwood took over the reins for the last three matches, of which disappointingly, only 1 match was played.

The Junior section finished a while ago, but the Club did hold both Under 15 and Under 18 finals at the ground. Again, this was a very successful occasion and demonstrated how well our small army of volunteers together to run these events.

The Club isn't going to be idle during the close season and hopefully there will be a series of events to keep members in touch and to continue to raise funds for the building work. The annual presentation evening was due to

### Harvest Thanksgiving

all welcome

**St James Church  
Burton-in-Kendal**

**Sunday 9 October at 11am**

Followed by a 'Jacob's Join' lunch  
for all who can stay.

Produce brought to the service will go to Manna House, Kendal to support their work with homeless, vulnerable and lonely people. Money given to our Harvest Offering will supply emergency aid to those who have fled the fighting in South Sudan.

### And the leaves came tumbling down

After a crazy Summer of extremes will the Autumn continue in the same vein? Barely the first day arrives and it's raining leaves already, not too unusual you may think but many of these are still green!? Doesn't bode well for the riot of colour that autumn trees can be.

### A lesson learned

Encouraging to see the apologies at the PC meeting from the young people at the centre of the anti-social behaviour last month. Very brave of them to do it and well done to the PCSO who handled the situation so well. Olive branches work better than birches.

### Dark Skies

How many have noticed a sharp drop in light pollution over Burton due to the ongoing switchover to LED street lighting? Nice to be able to see the stars at night (weather permitting) but still have street lights. As a lead on from this, how many of us are switching our home lighting to LED too? As long time converts your BN editors can vouch for them, and quality plus light output have increased a lot since we started the change over. Yes you do save money and you do spend less time changing light bulbs too. Also, unlike the compact fluorescent low-energy bulbs, when they do eventually go they don't need any special recycling as there's no mercury in them.

### Aurora Watch

As a consequence of the drop in light pollution there's now a chance that the northern lights could be visible from Burton during peak activity. So far these peaks have co-occurred with cloudy skies and/or very early mornings but as the nights grow longer the opportunities increase. Would be great to see any photos taken of the northern lights from hereabouts.

*Anne & Barry*

## What's On at the Heron Theatre Beetham

Registered Charity No. 501134

### **Exhibition until 14 October**

#### **Garstang Painting Group**

Open for viewing on Fridays 10am - 12noon and from 45 minutes prior all performances

### **Friday 7 October 7.30pm**

#### **Film: Rams (2015) [15] 92 mins (Icelandic - sub-titled)**

In a secluded valley in Iceland two hard drinking curmudgeonly brothers, who have not spoken in 40 years, are warring neighbours competing with each other for the best ram prize that has become a symbol of their family feud. When the spectre of the fatal disease scrapie threatens their remote farms both brothers are faced with the prospect of a cull. Can these long term enemies find common purpose when their ancestral stock and way of life is threatened?

### **Sunday 9 October 2.30pm**

#### **Music: Flute Fantasia**

Flutes & Co, with their new musical director Sue Nicholls, comprising 25 flute players of all ages from 12 to 70+, provide an afternoon of delightful flute entertainment. Piccolos, C flutes, alto, bass and contra bass flutes join with a percussionist and double bass player in music from Vivaldi's 'Spring' to Ravel's 'Bolero' and 'Over the Rainbow'. Featuring small groups, music for the larger ensemble and showcasing all the members of the flute family.

### **Friday 14 October 7.30pm**

#### **Theatre: Wartime Women - The Khaki Cabaret**

This is a wonderfully affectionate tribute which reminds us of the first time when 'ordinary' women became pilots, mechanics and engineers. Women made munitions, worked the land and performed daring acts of espionage behind enemy lines. It illustrates that for women, things would never be the same again!

### **Saturday 22 October 6.30pm**

#### **Music: Sugarfoot**

Sugarfoot are a 5 piece band with 2 fabulous girl singers who perform a blend of Country / Alt. Folk covers along with their own original material, written by songwriter Graeme Park.

### **Friday 28 October 7.30pm**

#### **Theatre: Brief Lives**

This play, by Patrick Garland, is a highly entertaining one man show tracing a day in the late life of the seventeenth century diarist, John Aubrey. The production is directed by Richard Avery, formerly of the Royal Shakespeare Company.

Forget the modern blogger. John Aubrey was blogging 300 years ago, and not only are his words still read but they come alive on the stage.

### **Sunday 30 October 2.30pm**

#### **Music: The Vandeppeer Quartet**

Playing music by Wolfgang Mozart, Frank Bridge, Dmitri Shostakovich, Astor Piazzolla. Formed in 2013 the Quartet has been selected for performances at the RNCM Chamber Music Festival and the RNCM Day of Song, as well as gaining a place in the final of the RNCM Weil Prize in 2014.

Doors open 6.45pm. Shows start 7.30pm. The Box Office opens 10am - 12noon Fridays only, September to May. 24 hour answering service - tel: 015395 64283, book online: [www.theherontheatre.com](http://www.theherontheatre.com) (available until 6pm on the night) or pay at the door
