Readers'

LETTERS

Dear Editors,

To whom it may concern!

I would like to thank the lazy individual who thought it appropriate to leave a filled dog poo bag on my elderly housebound mother's door step, NOT!!

Are you that lazy, that you can't be bothered to find a dustbin, or take it home with you to dispose of appropriately? Instead you thought, oh look, there's a clean doorstep, let me stick it on there.

I bet you are the same person, who loves to adorn trees with filled poo bags, the same person who lobs a poo bag or two into a hedgerow. It's such a shame that one individual gives the rest of us pet owners a bad name. If you could kindly let me know where you live, so I too, can put a filled poo bag on your doorstep, or better still stuff it through your letter box!!? We have three dogs who are currently suffering with diarrhoea; they are more than willing to pop over...

I look forward to hearing from you.

BURTON RECREATION TRUST

BROWNIES IN NEED

MUGA UPDATE

With the new surface recently been completed it is now time for the Burton Recreation and Sports committee to turn their attentions to looking after it.

After years of planning and fundraising the group of volunteers who worked hard to get the new surface down are turning their attention to making it an area all the community can access and enjoy as well as the local groups that will be regularly using it.

To do this we are looking at ways to secure it and keep it safe and in the next few months we hope to have a system in place that everyone will be happy with so until that point we would appreciate your support and patience while we fundraise to get it to the next stage and our fundraiser on the 7 July will hopefully be a great start so come along and show your support and have a look at what we have managed to achieve so far and look at what we hope for in the future.

First Burton Brownies needs a new unit leader.

I have loved running Brownies for the last two and a half years, but unfortunately am unable to continue with the role from September.

Volunteering with Girlguiding is fun and rewarding and a great way to make new friends whilst helping girls to develop skills, gain confidence and most importantly have lots of fun!

We meet in the Memorial Hall on Mondays during term time from 5.30 - 7.00pm.

If you are interested in volunteering please register your interest at www.girlguiding.org.uk/get-involved/become-a-volunteer or contact me on 01524 781546.

PC Observations...

J.M. Reporting from the
Parish Council meeting

The public forum seats were filled at the 20 June meeting with residents concerned about three issues. The first was a planning application (SL2018/0416) for a house and driveway on land off Tanpits Lane applied for by Mr. and Mrs. Whittaker of Newbiggin Farm, Hutton Roof. Neighbours are concerned on several grounds including the legitimacy of a change of use of this amenity area, which 'should only be developed under extraordinary circumstances'. Other concerns were loss of privacy, the difficulty of vehicular access onto Tanpits Lane and the building not being keeping with historical buildings around the site. Councillors were minded to object to the application but wanted to see a detailed plan before doing so.

The second issue raised by Moira Rowley, Jim Crayston and Richard Stephens from the Burton Recreation Trust was a request for financial support for a key fob security system to safeguard the legitimate use of the multi-use games area (MUGA). The Recreation Trust have already raised £44,000 for resurfacing the games area but are now short of funds. £1,000 is required to pay for the fob system and

a motion for Council to support this request was passed unanimously. A second request for support to buy a CCTV surveillance system for the MUGA was deferred to the next meeting pending further information on the possibility of funds being available from a county council Community Fund and other sources as well as further clarity about the regulations on CCTV use.

A third issue was raised by Peter Cummings who had found an arrow on his land apparently fired from the Boon Town area. The arrow was clearly capable of inflicting injury on livestock and people. The police have been informed.

Kath Hayhurst also reported that she had attended a meeting about developing the tow path along the canal north of Burton for walkers and cyclists to travel from Lancaster to Kendal. She had also asked for action to fix dangerous potholes underneath the New Mills aqueduct and amazingly, this was done within a week!

Jane Hopwood reported on progress to mark the centenary of the ending of the Great War. 118 men served from the Burton area, with 19 fatalities. Jane has consulted with the school and the Vicar and the plan is from 29 October to pin

IMPROVEMENTS AND REPAIRS

118 large poppies to visible places around the village with each poppy marked with a name. There will also be an exhibition in the Church with information about the 118 men. The stone tablet in the Church has four names missing and a brass plaque of these names will be mounted underneath the stone tablet. Councillors agreed to make £300 available to support this commemoration.

Other issues discussed included:

- The absence of any county council action to clear out gullies along Main Street.
- Overgrown walking paths around the village.
- Dog poo.
- B4RN progress hitting problems with wayleave permission to lay cables.
- A successful litter pick in collaboration with very enthusiastic Year 5 and 6 school children organised by Sarah Colyer – many thanks to the school.
- An early meeting with South Lakeland Housing Association who want to build 29 mixed and affordable houses on SLDC-owned land above Boon Town.

Next meeting at 7.30pm on Thursday 19 July in the Memorial Hall.

BURTON TEAM CHALLENGE & SPORTS

Saturday 7 July is Burton Team Challenge and Sports and this year it is shaping up to be bigger and better with lots planned for all the family. After a busy year it's time to show everyone what has been achieved up at the MUGA and raise some much-needed funds to take it to the next stage. This is a fundraiser that we really enjoy putting on and look forward to seeing lots of you up there.

We have running races for the young ones, inflatables, face painting, a children's entertainer, live music, gin and prosecco bar, hog roast, bbq and refreshments as well as this year's team challenge which has lots of new challenges and, with a cash prize for the winner, it's got to be worth a try!

There will also be a fancy dress competition for all ages - the theme we have gone for is "Festival" so we are looking forward to seeing what your imaginations will come up with.

Burton Team Challenge and Sports is set to be a great day/evening for all the family, so please come along and support us so that we can make this a yearly event that goes from strength to strength.

A running guide for the day:

Registration for team, gates open at 12 noon

Team Challenge - 12-5pm (pausing for races etc)

Fancy dress judging and running race - 1.30-3pm

Race categories

- Reception & under
- Years 1 & 2
- Years 3 & 4
- Years 5 & 6

Children's entertainer - 3pm - 4pm

Hannah Malin - live music - 3pm

BBQ / bar / hot drinks served all day

Gin and Prosecco bar & Hog Roast - 5pm onwards

"Rendition" - 8pm onwards

All times are a rough guide but will hopefully give you an idea of how the day will run.

Entry for Team Challenge:

£2.50 per child (under 16)

£5 per adult with cash prize for the winner.

B4RN Hyperfast Broadband for Burton

We are working hard behind the scenes to bring the B4RN hyperfast broadband service to everyone in Burton & Clawthorpe. This is a passive phase of the project where a large amount of preparatory work has and continues to be done to ensure wayleave agreements are signed so the fibres can legally cross people's land. The core routes are starting to form especially to the school. Some land is proving difficult to gain wayleave agreement through land ownership issues but we are stepping through this in a methodical way to resolve issues as they arise. Getting this phase right makes the installation much easier.

A key part of the passive phase of B4RN installation is to receive investment to fund the active phase of the project (the dig). Investment is being received from investors in Burton and this money is ring fenced for our parish to allow us to buy the ducting, fibre, cabinet etc. to complete the project.

If you haven't already invested please take a look at www.b4rn.org.uk under investment and see what it entails. Some of the key investment points

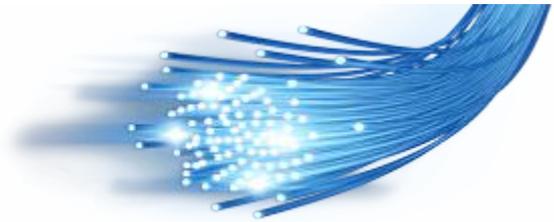

30% tax relief on investments through the HMRC Enterprise Investment Scheme

After 3 years redeem your shares for face value (£1/share) or receive dividends (B4RN currently paying 5%) Invest £1500 and receive a free connection (usually £150)

Invest in our children's future - Burton Morewood Primary School will receive a free B4RN service for life.

If you have any questions please do not hesitate to contact us at b4rn4burton@gmail.com

Burton Morewood School

The whole school has enjoyed the summer weather and we have had all our playtimes on the field. We all enjoyed a visit from the Library Van – so much choice and so little time.

Reception have been enjoying 'Little Humpty'. In Numeracy they have been using dominoes for doubling, halving and adding. Year 1's Science experiment used the potatoes that they received from the Potato Council. They had two types: Rocket and Athlete. The Rocket grew better and was heavier than the Athlete, both grown in the same conditions. In Literacy they have been enjoying the book 'Lonely Beast' by Chris Judge. This is the tale of a Beast whose determination to overcome his loneliness leads him to undertake a daring and dangerous quest to find others like him.

Year 2 have been enjoying the film 'Up' in Literacy. They have written their own short story about becoming an explorer, just like the main character in the film. They will then go on to think about writing a job advert for the perfect explorer. Their focus in Numeracy has been number lines and temperatures. They have also been studying Andy Goldsworthy in their Art lessons.

For their Numeracy Year 3 have been concentrating on time and Roman Numerals. Their topic continues to be Ancient Greece and they have combined this in their Art lessons to produce Medusa heads, using the sponging technique then adding their snakes for hair. They have used PowerPoint to make presentations to their class for their play scripts. For their show assembly Year 4 decided to display their work and talk it through individually with the mums, dads, grandparents etc.

Year 4 have been studying habitats. They then wrote a story about a dragon and the type of habitat he may live in. Still staying with the Royal Wedding, Year 4 set themselves a challenge to make wedding dresses from bin bags along with looking at British values. Another challenge but this time in Literacy, was to write a ten word story. Pictograms were the focus for Numeracy and in the spirit of the World Cup they enjoyed finding the various countries of the teams involved.

We joined up with Year 5 and worked together on the Big Plastic Pick-up, with some members from our community joining us. We filled two large bin bags with items such as sweet wrappers, lots of cigarette butts (especially at the bus stops), clothing

Carnforth Lancs LA6 1BH

and a large plastic piece of builders' material. We also joined up with Year 5 for a full day in Grasmere, studying the water cycle. We calculated the speed of the River Rothay with tape measures, stop watches and a few well-chosen sticks. We were all ready for our packed lunch after a good walk and a visit to the famous cave. We even managed a Mary Poppins rehearsal in the cave with a rendition of 'Anything Can Happen' – it was good practice for our harmonies.

The school had a brilliant disco in the middle of June. We all enjoyed hotdogs, juice, a goody bag of sweets and glow bands. We had lots of good moves and so did some of the staff! We raised an amazing £483 - this will be used to buy more computing equipment. Thank you so much to all the mums, dads and carers for supporting the event.

Footnote:

A few days ago a member of staff had the misfortune to come across dog faeces on the school field. Our school field is never cordoned off and is available for the children to play on out of schools hours, however, with this comes a sense of responsibility and ownership. Please clear all rubbish from our school field after you have enjoyed its use.

The Word From

BURTON MEMORIAL HALL

The recent AGM of the Memorial Hall attracted a disappointingly small attendance - does this point to general apathy, or is it approval that the management committee is getting it right? We hope it's the latter! The election of officers was as follows: Chair: Anne Nichols, Treasurer: Peter Bowker, and Secretary: Helen Dawson. It would be very helpful if user groups which have the right to attend the management committee meetings would notify the Secretary of who their representative will be for the coming year, to ensure the rep. receives the relevant agendas and minutes, and any other necessary information, in good time.

We would also like to draw readers' attention to the wonderful artwork by the children of Morewood School, which is on the boards at the back of the main hall. It was produced for the Art & Craft Society's recent exhibition, and we are delighted to have it on display for the summer.

Unfortunately our June talk clashed with a major football match and our speakers felt this would have a negative impact on attendance, so rather than split allegiances we decided to cancel our talk instead. However, in July we are still having a night of bees with Dr Fred Ayres of the Lune Valley Community Beekeepers group. This will be on Thursday 26 July at 7.30pm and we are delighted that it will focus on the new thinking about bee husbandry focused on the needs of the bees rather than the needs of beekeepers and the production of honey. There will be time afterwards for questions. The Lune Valley Community Beekeepers have a holistic approach to beekeeping, which means their interests are not only directed to the needs of the bees but also the environment of which they are an integral part.

On Saturday 3 November we are holding a one-day Artisan Market in aid of Hall funds. The aim is to fill the Hall with tables selling home made or artisan items and foods, rather than just craft/art items. Anyone who wants to book a table please get in touch with Anne on 781306.

Roger Reports...

From the County & District Councils

Following the District Council, election on the 3 May (reported last month) little change resulted from South Lakeland's AGM on the 22 May. Though their numbers are down the Liberal Democrats retain a majority over the Conservative opposition of 19 Members (the highest number of Tories for ten years) and three Labour members, so they hold all the committee chairs as well as having a single party cabinet. Their strength also meant that proposal from my side that I should be become Chairman of the Council (a position I held in 2001-2003) - came to nothing.

I am, however, the father of the Council as being in my 35th year as a Councillor I have served longer than anyone else. I also continue to share alternatively with a Lib Dem Colleague saying prayers before the council. Although attendance is of course voluntary most members come for the five minutes slot. Another link between my church and civic life is my membership of the County Councils Standing Advisory Committee on Religious Education (SACRE) which is mainly concerned with the multi-faith RE curriculum in our schools. Our most recent meeting was held at the Whitehaven Mosque.

You can contact Roger as follows:
South Lakeland District & Cumbria County
Councillor R.K. Bingham
The Smithy, Ackenthwaite,
Milnthorpe, Cumbria, LA7 7DH
Tel: 015395 63694
e-mail: roger.bingham@cumbriacc.gov.uk

Inevitably we touch on other issues which recently have included alleged religious discrimination in political parties, abortion and forced marriage.

At SLDC the main discussion was about the Council Plan for 2014-2019. SLDC's priorities are: Economy, Housing, Environment and Culture and wellbeing. The main objects are, however, are to create 1,000 jobs and 1,000 affordable home. So far 319 homes have been built. Even so I wonder if all the arguments raised during the six years long Local Development Framework debates might have been exaggerated. If there was such a pent up demand surely developers would have snapped the sites once planning permission became permissible. But so far little or no work has started on sites in Burton, Holme, Milnthorpe or Endmoor. With us the Green Dragon development is not yet planned out. Many of the Church Bank houses seem almost ready for occupation. Even so pedestrian and vehicle access issues still have to be

sorted out and I have not forgotten that the numbering and street signs need to be clarified.

On employment 302 jobs have been created. But it was pointed out that with the highest national employment rate in 40 years our area is not markedly better than elsewhere. Moreover my colleague Brian Cooper reminded us that South Lakeland has always been good for jobs and that when he was young workers were bussed in from Lancaster and from even farther afield. Now, of course, commuters come by car. This got us on to parking - New Road car park of course - and traffic congestion which that very evening had caused several members to be late for the council. One acute cause of congestion was the county's habit of closing off long stretches of road when verges are being cut - even at peak times. Also I am still going in about increasing problems caused for on the A6070 when the M6 is closed and the motorway traffic has to come through Burton.

On jobs I was pleased to hear at the county council's Children's Scrutiny Board that the number of sponsored apprenticeships, as with 210 placements, is getting towards the target of 250 fresh jobs. Unlike the traditional craft based trades for

younger workers, a wide variety of skills based employment are on offer. Surprisingly they are available for all age groups. We were told that one apprentice is over 60 years old. Don't times change?

BURTON W.I.

At their June meeting the members of Burton WI were highly entertained by John Natlacen of Churchmouse Cheese, Barbon who gave a very interesting talk on his business and also the opportunity to sample a variety of his delicious cheeses and their origins.

The competition for a cheese knife was won by Kath Hayhurst with Andrea Bell second. Kath also won the raffle.

At their next meeting on 12 July the speaker will be Jude Pereless on 'Tai Chi' and the competition will be for 'A Rose'.

A TALK & A RIDE

On Sunday 22 July, at 7.30 pm at Yealand Quaker Meeting, in Yealand Conyers, we have a talk by Chris Bullard from Kendal about the life of Margaret Fell from Swarthmore, a key early supporter of the early Quaker movement. All welcome.

This coincides with a visit from a group of Quakers who are cycling to London over 2 weeks with a petition to the government, with the tag line, 'we can afford to care'. At the core of this is concern over the steady dismantling of the welfare state, resulting in suffering by many victims of the changes. Margaret Fell made a similar journey on horseback in 1660 with a petition to the King about the persecution of Quakers. The group are staying in the Quaker Old School hostel at Yealand overnight.

Annual Gift Subscriptions

If you know of anyone who may like to receive BN regularly each month, why not buy them an Annual Gift Subscription? For £12 within the UK they will receive a copy of BN each month (11 copies per year). A great way for family, friends and former residents to keep in touch with what's happening here in Burton. Anyone interested should contact BN at the address in the box on page 2.

CANAL NEWS

Keith Tassart

11 August 1940 - 12 June 2018

Keith passed away peacefully in his sleep on Tuesday afternoon suffering from a brain tumour. He was a friendly, helpful "bundle of energy" and will be missed by many. Ex British Waterways, farm manager and conservationist, his skills were legion, and his army of contacts, friends with specialised skills, were of particular value to the community and canal.

He was appointed Work Party Organiser for the Lancaster Canal Trust (LCT) and hit the ground running, moving a monthly work schedule into every weekend and sometimes during the week. He quickly drew on a large group of volunteers, and managed to deal with outstanding canal problems, doing true restoration work.

Travelling from his home in Morecambe, he gave much of his time to sorting out the green-scape in St Patrick's church yard, cutting down tree growth that had overshadowed the grave yard.

Frank Sanderson,
Friends of Lancaster Canal

VICAR'S LETTER...

Sun-Speech

When you feel the sun beating down on your head what do you think about? Barbecues and beer? Watering the garden? Or how it is possible for a ball that is 93 million miles away to feel so hot?

King David lived in Israel and knew the heat of the sun, not our weak Cumbrian sun but “the cloudless, blinding, tyrannous rays hammering the hills, searching every cranny” (CS Lewis). He wrote a song that is half about the sun and half about the rule of God – because those two are related. From the perspective of earth the sun is the chief ruler in the heavens but it is also telling us about the God who rules from heaven.

According to David’s song (Psalm 19) the rule of the sun is perfect and powerful. Each day it appears again like a radiant bridegroom beaming with wedding day joy, or like a champion athlete leaping out of bed, eager to run for victory. The sun never fails to rise; it’s not on a Northern Rail timetable but is always at the right place at the right

Children at Holy Trinity & St James

We are delighted to welcome babies and children and we love hearing them in our services as people of all ages come together to worship God. We have toys and other activity material available. Each church is equipped with a toilet and a room which parents and children can use when they need a break from the service. Our families support team is available to help as needed and to offer an activity for children during part of the service. We take safeguarding seriously and our families support team has been cleared for work with children.

St James, Burton & Holy Trinity, Holme

time. Its life-giving rays light every corner; its dangerous heat pierces everywhere.

God’s rule is the same; perfect and powerful. David is saying that nothing is hidden from the piercing heat of God’s Word – all that he has spoken in the Bible is blindingly pure and truthful. But, unless you stand against him, you also find that his Word is life-giving warmth, dependable and “sweeter than honey”. Just as the sun can both scorch the ground and cause seeds to spring to life, David knew that God’s Word had both exposed the rottenness in his heart and showed him God’s gracious willingness to forgive and restore.

I hope that there are many days this summer when you feel the power of the sun - and that you will let that immense power speak to you of God whose powerful and perfect Word rules all.

“Let the words of my mouth and the meditation of my heart be acceptable in your sight, O Lord, my rock and my redeemer” (Psalm 19:14).

Sincerely
Graham Burrows

HISTORICAL FOOTNOTE

by Roger Bingham

HISTORIC PANES

The high quality of Burton's 'built heritage' is reflected by the variety of its windows. Often they reveal the age of a building. Newer houses on the north part of St James' Drive, for instance, clearly have more modern windows than the earlier homes at the south end. A similar contrast occurs between the first 1960's houses and those of the 1990's on Morewood Drive. Even so windows, along with front doors, are invariably the first house features to be modernised.

None of the post-war council houses retain the original metal (and very draughty) casement windows said to have been composed of steel recycled from redundant tanks. Sometimes windows with styles earlier than the original structure are inserted. The 'Georgian type' sash windows recently installed in the Old Vicarage are of an 18th century pattern although the building itself is mid-19th century. Burton has however very few 'Mock-Tudor' leaded lights, popular in the 1930's. Hordley House has some square leaded panes although the

house seems to have lost some wooden 17th century windows noted in 1936. Nineteenth century West View has pretty leaded lights in its added-on Edwardian square bay windows.

Apart from a handful of houses like the Boon Walk semis and detached Green Meadows, Burton has few inter war houses typically with bay windows, indicating the village's decline in the 1920's and 1930's when there was little new building. Burton's most anachronistic intrusion is a former shop in the northern wing of the Royal Hotel. It dates from c.1900 but that part of the building's structure contains possible medieval cruck beams making it the village's oldest structure after the church. Further along the same wall there is a range of long paned sashes of c.1860. But round the corner on the south facade are five three-light Georgian Venetian (or Palladian) windows which have a higher central light with a curved top. Together they constitute Burton's most handsome fenestration.

Similar windows grace the Old Bakery (with Gothick upper lights), in the Manor House. Also appreciated by architectural historians are the 'main doorway of the Venetian type, and pedimented sashes of the quite splendid Burton House' of c.1795,

which also has tall arched windows in the sunhouse or orangery and big sashes in the school house. Burton has possibly retained about half the sash windows in the Main Street. Those to the front the three-storey houses of c.1810 in The Square are conspicuous, unlike the long Westmorland staircase windows at the back. Also, the King's Arms has a complete set of sashes while Devenant House retains a fine square fanlight window over the front door. A rare survival is a multi-paned window, in which only one pane opens for ventilation at The Green Dragon.

Unlike many Lunesdale villages Burton has relatively few stone-framed windows. Some survive at Clawthorpe Hall and Coat Green but the mullions (listed by The 1936 Royal Commission survey of Westmorland Buildings) in Ivy Cottage are no longer there. There are also renewed mullions at Old Hall. Traces of blocked up sandstone frames can be glimpsed in upper storeys and in one or two cellars. More easily seen is a restored tiny stone window at the Old Grammar School opposite the church. Dating from 1689 it is probably Burton's oldest domestic window.

We seem to have had the hottest prolonged weather during May and part June and this I guess will have helped a lot of our birds and butterflies this year.

Our rare local butterflies seem to all be enjoying this weather and we have had some really good early first flight days with the rare Holly Blue on the 17 May from Burton Fell and the Dingy Skipper on the 21 May from Plain Quarry and also a similar butterfly a day or two later from Clawthorpe Fell. Small Pearl Bordered Fritillary was seen on 28 May along with a deluge (over 100 – obvious hatch day) of Small Heaths on Burton Fell and since throughout Hutton Roof, My first Meadow Brown appeared on 11 June at the top of Burton Fell, on 12 June had several of the long awaited rare Northern Brown Argus at two sites over near to Park Wood (Hutton Roof side). Also a single Dark Green Fritillary being recorded from Holme Stinted Pastures on 15 June, the lovely Painted Ladies have been seen from several parts of the complex during May and June. The 19 June produced my first Ringlet which was very flitty, and now we have had the first I guess there should be hundreds over the coming

days. Just today (21 June) I have been fortunate to have had my first Grayling whilst on Burton Fell. Also of particular interest I have noticed numbers of both the migratory “Silver Y” moth and also the lovely little black Chimney Sweeper Moths have been on the wing in more recent days.

For me it has been a little worrying this year in particular and although this weather has been great in many ways, it will also have some downsides! I have been around the Hutton Roof complex checking the larger populations of the Common Rock Rose plant which is also the food plant of the Northern Brown Argus butterfly, and a large banking below the Park Wood which looks out towards the east and which measures something in the region of half an acre, has already been severely parched to perhaps a 50% loss of habitat with much of the Rock Rose having already dried up before it's had chance to flower and in some cases not been able to come through at all, although small populations of the plant are surviving and the observed butterflies seem to be enjoying what is still available. Most of the other populations of Rock Rose seem to be in more sheltered areas and as such are doing OK.

Our Fly Orchids have fared well this year and I have now recorded over 130

individual plants throughout the 10 different populations that we have already recorded from various colonies on Hutton Roof. One site in particular, which was only found in May of this year produced a phenomenal 82 plants.

It's rapidly coming up to the main Orchid time of the year for me, and I am out daily checking our local Dark Red and Broad Leaved Helleborines. I have erected a few wire cages here and there around the more prolific specimens to try and stop the deer and hares taking them down before they have had chance to flower, and to a degree it seems to be working with much reduced casualties (so far!) At first the orchid growth came through with much vigour and put things perhaps one week earlier than most years with good strong advanced growth, but this has changed and I think it again is down to the long period of warm dry weather which we have had, but I have noticed that the plants in some cases are now even falling behind their regular flowering period. Some of the hybrids are already coming through with "burnt tips" to the edges of their flower plumes, and some seem to have a far stunted growth compared to most years. I don't think this applies to all our orchids, but seems to be affecting the bold/larger

plants. So although it is far too early to assess things properly I am getting some early warning signs that this year may not be as prolific as past years.

Well it's about the time when the parent Cuckoo will be returning back to Africa (mid-June), leaving their chicks in the capable hands of their foster parents! It seems to have been a really quiet year for the Cuckoo calling with just a handful of reports coming in. I have had them in Dalton Crags and again over in a delph near to the wood yard. Also several reports from Newbiggin and Kelker and The Rakes areas. I have been lucky to record Yellowhammers in recent days over on Holme Park Fell and also breeding Wheatears on that side as well. A Redstart has been calling very regular from the bottom of Burton Fell not far away from the plinth, but this last couple of days he seems to have gone quiet. With regards to the Swifts we have so far been able to establish at least 15 sites being used again this year and hopefully we will get more before long. As usual the main sites have been the old Royal Cottage building, The Manor House, Cocking Yard and the cottages on the Post Office Row.

HOLME CRICKET CLUB

The 1st XI are beginning to adapt to life in Division 1. After gaining their first victory against Heysham, the team has battled hard to gain a few vital points.

The following match saw Silverdale score 179/8. Big Stu took another 4 wickets. Holme closed on 135/8 to take 2 points in a losing draw. Lee Barnes top scored with 30.

The match against Carnforth followed a similar course. The strong Carnforth batting line up declared at 215-4 from just 39 overs. Holme batted doggedly to finish on 148-6 from 51 overs. 1 point was the reward for their efforts. Lee Barnes made 33.

Shireshead scored 183/9 in the next match at North Road. Holme started well with skipper Teasdale scoring 38. A middle order collapse saw the side slump to 88-8 before a late rally from Simon Shipperd (31) and John Varden (17) saw the side dismissed for 146. Another vital point was gained. By the middle of June the team were sitting 10th in the Division.

The 2nd XI have had a mixed bag of results recently but continue to provide valuable playing experience for an ever

growing batch of young players. The home match against Silverdale ended in a dramatic tie. Silverdale were all out for 108 in only 26 overs. The Gosling family lead the way with Paul taking 4-18 and Steve 3-21. Holme made a disastrous start but Kevin Stephenson held the innings together with 27 not out and a series of partnerships with Charlie Outerside(16), Paul Gosling (12) and Allan Strong (11) almost brought the side to victory but not quite.

The match against Burneside was a less close affair. The home side amassed 264/8. Holme could only muster 67/9. No points gained but they did deny the opposition victory as Jason Yates and Allan Strong batted staunchly for 6 overs at the end.

Against Galgate, Holme scored 137/4 (Ted Littlefair 37, Mike Hallhead 34, Charlie Outerside 26 no). Galgate achieved victory for the loss of only 4 wickets.

The Junior season is in full flow. The Under 11's have won 2 out of 3 matches. The Under 13's 1 out of 3 and the Under 16's lost their opening game. As usual, all matches have been well supported.

Finally, the Club will be hosting a Family Day on 15 July as part of the Holme Festival of Sport. There will be the usual mix of children's games and adult frivolity. Bar and BBQ will be running from 12.00. The World Cup Final will be shown in the bar area from 7pm. We will be running the usual cake stall so all donations will be appreciated. All we need now is dry weather!

Andy Pickering

BURTON THISTLE FOOTBALL CLUB

Just a quick note to say training will start at 7pm on Wednesday 4th July down at the pitch. Any new players are very welcome, the address for the pitch is Curwen Woods, Clawthorpe, Burton in Kendal, LA6 1NU. Look forward to seeing everyone there.

Editorial

Appeal

The Burton News annual appeal box will be disappearing from the shop soon (probably gone when you get this issue of BN) but that doesn't mean we are closed for donations so if you 'just forgot' you can have it put in the BN folder in the Village Shop for us to pick up.

A Peal

The bells! The bells! Not quite Quasimodo but the church bells will be ringing out with their new rope pullers so go easy on the odd 'clanger' or two until they get in the swing?

Appalling

What is it with a minority of dog walkers not clearing up after their business is done? It's not as if it's difficult to do and there's no shame walking along swinging a poo bag - you'll be in very good company! As for hanging it on bushes or leaving on people's doorstep... the mind simply boggles at the reasoning behind it.

Appealing

A very good year again for our rhubarb, as the Kings can attest! One stick was a long as a leg and thick as a wrist, and there were lots of them!

MSSCh, Dip. Pod. Med., MBChA

Tel. Burton 781383

Poetry Corner...

The verse below was sent into us by Mrs Cecily Mason-Hornby, who thought it may amuse readers of Burton News. It certainly amused your editors, thank you Mrs Mason-Hornby.

As Unknown Yet Well Known

We know a little village,
Where the Parson cannot blink,
Without the gossips knowing it,
And saying what they think.
They count the hairs upon his head,
The corns upon his feet,
The times he oversleeps himself,
And what he has to eat.
They draw their own conclusions
From his lady's mended skirts,
And figure, from his washing line,
How long he wears his shirts.
But, when he has a meeting,
Or a service in the Church,
Unless it is a Sunday time,
They leave it in the lurch.
He posts it on a notice board,
Just where it may be seen,
And prints it very plainly
In the parish magazine.
Then, standing in the pulpit,
He will very nearly shout it;
Yet everybody makes excuse:
"We never knew about it."

CUMBRIA WILDLIFE TRUST

Entries are invited for the CWT 2018 Wildlife Photography Competition. The competition is open to all except the competition organisers and professional photographers. Each person can submit up to six photographs. Photographs can be submitted by email to mail@cumbriawildlifetrust.org.uk, or by post on CD/DVD to Cumbria Wildlife Trust, Plumgarths, Crook Road, Kendal LA8 8LX. What's On at the Heron Theatre Beetham

Registered Charity No. 501134

Friday 6 July 7.30pm

**Heal the Living (2017) [12A] 104 mins
(French - Subtitled)**

Director: Katell Quillévére

Cast: Tahar Rahim, Emmanuelle Seigner, Anne Dorval

This deeply moving film follows three seemingly unrelated stories that are carefully woven together. A French teenager's surfing road trip ends in tragedy; a woman in another town learns that her already weak heart will soon fail; two teams of surgeons struggle through their day attempting to save lives. It follows a human heart from donor to recipient and is an impassioned story of personal connections that philosophically, spiritually and literally plumb the depth of the human heart.

Friday 20 July 7.30pm

The Shape of Water (2017) [15] 118 mins

Director: Guillermo del Toro

Cast: Sally Hawkins, Michael Shannon, Richard Jenkins

Best described as a romantic fantasy this film won the Golden Lion at Venice in 2017 and awards for Best Picture, Best Director, Best Production Design and Best Score at this year's Oscars. It is set against the backdrop of Cold War America and tells the story of a mute and lonely cleaner (Sally Hawkins) who works in a high security government laboratory. Her life is changed forever when she discovers a secret experiment and becomes smitten with a scaly underwater beast. The film is a romantic comedy, a spy thriller and a monster movie all rolled into one.

Doors open 6.45pm. Shows start 7.30pm.

24 hour booking: tel: 015395 64283

Burton in Kendal Parish Council

Meetings

**3rd Thursday of every month
7.30pm in the Memorial Hall**

Meetings:

Members of the public are always
welcome to observe. Each meetings
includes an OPEN FORUM where
parishioners may raise matters of
concern to them.

Planning applications:

Parishioners are asked to ensure they
notify the PC as well as the planning
authority of any comments or objections
they have about any planning
application within the parish.

Agendas, Minutes & Contacts:

These are available on the PC notice
board outside the Memorial Hall, on the
PC website, and on request from the
Parish Clerk.

Website:

Documents relating to the PC may be
downloaded or read online here:
www.burton-in-kendal-pc.gov.uk

For further information, contact:

The Clerk - Christine Davidson on
01524 782694

Next Meeting:

The next Parish Council Meeting will
be on **Thurs 19 July at 7.30pm** in the
Burton Memorial Hall.
